A Compendium for the Dry Garden: Designing Your Garden. Gardening for a Dry Future. Decomposed Granite and Other Materials Leslie Patten

Here are all three gardening eBooks by Leslie Patten in one. By buying the compendium, the reader will be lead through the tour of how to plan and execute a dry or low water garden.

The first book, Designing Your Garden, is critical as a first step in the overall plan of your space.

The second book, Gardening for a Dry California Future, will help the homeowner plan proper irrigation zoning, choose plant materials, has instructions for alternative low water lawns, as well as edible gardens.

Lastly, the third ebook included in this Compendium, Decomposed Granite and other Materials for Walkways and Patios, has been a best-seller for over a year. The only fully comprehensive guide on the market to DG installation as well as tips for gravel paths, pavers on sand or in concrete, and even a guide to concrete selection.

At the boxed set price, this is a must-have and a bargain.
