Any girl would feel the same way, she's sure. Not that she ever really expects anything to come of it...

The three of them converge at their parents' vacation home for their summer break, intending to spend the time swimming and laying out in the sun. But when a work emergency strands their parents in England for an extra week, Lara finds herself alone at the house with her step-brothers, no supervision, and plenty of time to get into trouble.

Although she's never thought that they had the same feelings for her as she had for them, she's about to find out how very wrong she was...and exactly how hot the summer can get...
