The words that we speak are powerful. They can build us up or tear us down—be sweet like honey or bitter like tea—make us feel like a failure or become fuel for feeling victorious. This light-hearted book is full of phrases that will enlighten, empower and make you laugh out loud. They are reassuring and thought-provoking expressions that have rolled off our tongues for decades! This book was a true eye opener for me and is sure to be for many others. As parents, mentors and leaders we must make a conscious effort to say things that will allow our children, and those who cross our path, to grow and be functional citizens in today's society. No matter what color, creed or nationality we all want the same things for ourselves and our families—to be happy and loved.
