This is a nice set of books, where one can learn how to perform reading, how to cleanse the cards and what different cards mean. Once you get the cards, you have to transfer your energy to your decks of cards, that will help to your personal reading. There are several steps you need to take in order to find the right deck of cards for you.

You will have to gain basic knowledge of Tarot, before starting, you will have to know that major arcana stands for the journey, minor arcana represents people, events, emotions and circumstances..

The second book is about advanced spreads, suit of pentacles, suit of swords..and about creating your own spread..

Nice, useful book for everyone trying to learn how to read cards and get prepared for the future.

By James Forchion:

This box set is excellent for tarot card newbies. The books cover things like finding the right deck of cards, the basics of the deck, doing a reading, deck protection, and advanced spreads. I'm absolutely impressed with the content Sarah Thompson delivered in these two books. It says beginners guide but this box set went into sufficient detail for me. It outlines in clear and simple detail all a person needs to know about Tarot. I would recommend to anyone to check out this box set if you're into tarot cards.
