## **Evolution and Christian hope;; Man's concept of the future from the early Fathers to Teilhard de Chardin (Anchor book)** Ernst Benz

The history of Western concepts of evolution by a noted German scholar traces man's ideas of the future and of utopia from the earliest Christian hopes for the coming of the Kingdom through the thought-systems built by medieval theologians and philosophers, to culminate in an analysis and critique of Teilhard de Chardin. Author Ernst Benz considers Darwin, Marx, Nietzsche and Sri Aurobindo in due course.
