Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence)

Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence)

Multimedia services involve processing, transmission and retrieval of multiple forms of information. Multimedia services have gained momentum in the past few years due to the easy availability of computing power and storage media. Society is demanding human-like intelligent behaviour, such as adaptation and generalization, from machines every day. With this view in mind, researchers are working on fusing intelligent paradigms such as artificial neural networks, swarm intelligence, artificial immune systems, evolutionary computing and multiagents with multimedia services. Artificial neural networks use neurons, interconnected using various schemes, for fusing learning in multimedia-based systems. Evolutionary computing techniques are used in tasks such as optimization. Typical multiagent systems are based on Belief-Desire-Intention model and act on behalf of the users. Typical examples of intelligent multimedia services include digital libraries, e-learning and teaching, e-government, e-commerce, e-entertainment, e-health and e-legal services. This book includes 15 chapters on advanced tools and methodologies pertaining to the multimedia services. The authors and reviewers have contributed immensely to this research-oriented book. We believe that this research volume will be valuable to professors, researchers and students of all disciplines, such as computer science, engineering and management. We express our sincere thanks to Springer-Verlag for their wonderful editorial support.

From reader reviews:

Sylvia Dozier:

In this 21st hundred years, people become competitive in each way. By being competitive today, people have do something to make these people survives, being in the middle of the particular crowded place and notice by surrounding. One thing that often many people have underestimated this for a while is reading. Yep, by reading a reserve your ability to survive increase then having chance to remain than other is high. For you personally who want to start reading some sort of book, we give you that Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) book as starter and daily reading book. Why, because this book is usually more than just a book.

Arthur McLaurin:

You can spend your free time to read this book this book. This Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) is simple bringing you can read it in the area, in the beach, train as well as soon. If you did not have got much space to bring typically the printed book, you can buy the e-book. It is make you easier to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.

Ricardo Hayward:

Beside that Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) in your phone, it may give you a way to get more close to the new knowledge or data. The information and the knowledge you are going to got here is fresh from oven so don't become worry if you feel like an previous people live in narrow small town. It is good thing to have Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) because this book offers to you personally readable information. Do you sometimes have book but you do not get what it's all about. Oh come on, that would not happen if you have this in your hand. The Enjoyable agreement here cannot be questionable, such as treasuring beautiful island. So do you still want to miss the item? Find this book along with read it from today!

Jesica Simon:

That guide can make you to feel relax. That book Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) was bright colored and of course has pictures around. As we know that book Multimedia Services in Intelligent Environments: Advanced Tools and Methodologies (Studies in Computational Intelligence) has many kinds or type. Start from kids until youngsters. For example Naruto or Private eye Conan you can read and think you are the character on there. Therefore , not at all of book are make you bored, any it can make you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading this.
