This collection of essays was inspired by the desire to create a suitable tribute to Dr. Irving Greenberg. Dr. Greenberg has been one of the truly major figures in the American Jewish community for the past forty years. A community activist and a theologian of distinction, he has influenced not only the practical direction of Jewish life, especially through his work with the leadership of Jewish Federations throughout the country, but also the shape of contemporary Jewish thought through his writings on the Holocaust, the State of Israel, and traditional Jewish themes.

The outstanding list of authors who have contributed to this volume, writing on central issues in traditional and modern Jewish thought and history, are a testimony to Dr. Greenberg's repercussive presence and theological contribution. Those interested in the contemporary American Jewish community and the nature and shape of modern Jewish thought at the beginning of the new millennium will find this a valuable, thought-provoking addition to their libraries.
