In 1801 Elias Hasket Derby Jr. leaves his two year retirement. His father, the country's first millionaire, has left him a money pit that many would consider one of the nations first American Castles. The expense to keep up this mansion and his leisurely life style has forced Elias back into action. He will take command of the local militia to fill in the ponds in the Common as part of an elaborate plot. The plot would entail the beautification of this neighborhood and entice a series of merchants and ship captains to build a series of two grand brick mansions set apart at fixed distances around the new park. All attached to a series of smuggling tunnels that would lead from the wharf, to their stores, and the banks. An elaborate scheme filled with Masons, pirates, a Secretary of the Navy, Senators, Representatives, a Supreme Court Justice, Presidents, and a touch of murder! Dig into the tunnels of Salem and find the underbelly of our nation!
