Creative Bicycle Design and Framebuilding is for the experienced craftsman interested in making steel bicycle frames and forks in a small shop, or well-equipped home studio. It covers aspects of the design process, including creativity, and bicycle geometry. Tools and equipment are discussed, and the process of building bicycle frames is illustrated. This book conveys a functional understanding of bicycle frame construction, allowing the builder to advance toward building bicycle frames by using his own method, rather than by copying how somebody else does it.
