Strategic Security Issues in Sub-Saharan Africa: A Comprehensive Annotated Bibliography (Praeger Security International) Michael J. Siler

This text challenges the current thinking on strategic security issues in Sub-Saharan Africa by bringing the entire literature together on all of the regions and countries. It provides compelling international and foreign perspectives using various information systems. The book will interest those who want to understand the state and direction of strategic security studies on the continent. The sources in this bibliography are based on peer-reviewed journals, international nongovernmental studies, governmental reports, academic textbooks, and relevant newspaper articles.

This volume is tightly organized and has a wide analytical scope and a great deal of information. Focus is on international and U.S influences driving African strategic security issues. The regional and country specific dimensions framing African strategic security issues are covered. This bibliography provides both an organization of expert scholarship and a strong concentration of core information profiles on Sub-Saharan Africa that is strategically based.
