Disgusted with life in general, the final straw for Mahkah comes when his attorney wife takes him to divorce court and costs him everything he'd worked so hard for. After a nasty court battle, he decides that a solitary vacation is in order and treats himself to a lone hunting trip in the vast, mountainous forests of Tennessee. He literally stumbles upon a cabin and uses his last penny to buy it, in a desperate bid to get away from the harsh, bustling society that played a part in nearly destroying him.

Cassidy is a couple of hours from home and returning from a disastrous job interview in Knoxville when she inadvertently hits a deer on a long, lonely stretch of highway. When her car careens off the highway and down a narrow path into the thick forest, she soon realizes the hopelessness of her situation—her car can't be seen from the road, she has no cell phone signal, and her car is so severely damaged that it won't start. After spending the night locked and huddled in her car, her hopes sink further in the harsh light of day. Her car has gone down a steep incline, and nothing but forest surrounds her for miles. With no other option for survival, she leaves her car in the hopes of finding someone who can help. Unbeknownst to her, Mahkah is aware of her presence in "his" forest and silently follows her, taking on the role of invisible protector and Good Samaritan. He finally makes his presence known only when an imminent wolf attack on Cassidy forces his hand. What starts out as a temporary reprieve and rescue from the elements turns into something neither one of them expected—they are soon snowed in, and Mahkah uses every chance available to convince Cassidy that perhaps her life in Asheville isn't what she really wants or even needs. When Cassidy's car is finally discovered in the springtime thaw, she's faced with a difficult decision—should she stay with Mahkah and enjoy the simple, idyllic life he's shown her for the past several months, or should she do the "responsible" thing by returning to the life she had in Asheville? Only in hindsight will she realize that she got much more than she bargained for upon meeting "The Wilderness Warrior."
