Post-70s Chinese artist and entrepreneur, *Liu Jing*, continues his comic series of China's 5,000-year history in *Understanding China through Comics*.

This second volume paints a vivid picture in answer to such questions as:

- * What are the origins of the ethnic Chinese?
- * Are Chinese people religious?
- * What are the major Chinese cultural heritages and how were they created?
- * What was China like when a centralized government fell and the empire was divided among several regional states?
- * When people talk about "China's great restoration" and China reclaiming its place as a world superpower, what are they referring to?
- * Why is there such a strong drinking tradition at Chinese business banquets?

Understanding China through Comics Vol. 2 begins with the massive wars during China's Age of Division and continues through the end of the Tang Dynasty -- a period in which different races, religions and philosophies come together. They fight and learn from each other, sparking new ideas and creating a new culture which continues to define the Chinese today.

New perspectives on Chinese history help explain complicated chains-of-events and uncover the driving forces behind the critical changes that shaped China. Research spans classic Chinese texts and contemporary historical works, including: 'Records of the Grand Historian' by Sima Qian, the father of Chinese history; 'History of China' by pre-liberation historian Wang Tongling; 'The General History of China' by his contemporary Lü Simian; 'The Analects' of Confucius; and historical information embedded in ancient Chinese paintings.

Understanding China through Comics includes 4 volumes:
