Visions & Dreams From God's Heart To My Pen: God Now Writes His Word on Your Heart; Rather Than Tablets of Stone Patti Buffkin

God is the same yesterday, today and forever. He spoke to the people who wrote the Bible and He still speaks to us today. One of the ways He chooses to communicate with us is through dreams and visions. The amazing thing about a dream or vision from God is that one picture opens up the truth of many scriptures in the Bible and just kind of makes them come to life and make perfect sense. Dreams and visions are kind of like the parables that Jesus used during his earthly ministry. He would take a natural circumstance; like a grape vineyard, and use the scene of the grape vineyard to bring understanding of Heavenly and spiritual realities. Using dreams and visions to communicate with us is a way of making sure we understand the truths that were communicated to us through The Bible years ago. When God says he is the same yesterday, today and forever He really means that. He communicated through people in the Bible through dreams and visions and He inspired words on their hearts. People may not choose to listen to what God has to say through dreams and visions, but that does not nullify the fact that it is Him and that it is His truths He is trying to get us to see and understand. He is still working the same way he did years ago and will still be working that way till the end of time as we know it here on Earth. In the days of Noah God spoke to Noah and told him to build an ark. Noah offered the protection of the Ark to anyone who would come. The thing is that many did not believe he had heard from God. They did not believe that God was sending rain. Their doubt and unbelief did not stop the rain. We are told in the Bible that the end days will be like the days of Noah. God will be speaking and directing peoples' lives and people will not be listening. Well, I fully believe we are in the last days. We are seeing God speak and bring revelation to us and many are not listening, but just like the days of Noah there will be some like Noah's family that are listening and trying to get others to hear the same thing. The visions and dreams that are contained in this book were sent by a man of God to me for me to interpret the dreams and visions. With each vision you can see that God gives a picture of a Heavenly truth that can show that the scriptures are true and brings about a new understanding of these truths as reality rather than just a figment of our imagination. God is real. His word is true. He is still alive and well and trying to communicate with his people. Some of the visions show his love and some of the visions send warnings to the people of things to come. I hope that when you read these dreams and visions that it brings you to a deeper understanding of God and a stronger personal relationship with your creator. As with scriptures from the Bible you may see things that I do not see. This is due to the fact we all have different life experiences. We all have different levels of knowledge and understanding when it comes to the scriptures. The beautiful thing about a vision or a dream is you may see even more than I see and this is great just as long as it points you back to the word of God and brings a deeper understanding of Him and His word.
