Just Another Number Maggie Young

Just Another Number is a memoir structured by the first 23 men I had sex with. It's about how American society curbs women to validate themselves by men. Through my lovers, I relive all the shit I got myself into because of that. The book paints a gritty portrait of a Tennessee teen who- in the midst of bulimia and meth abuse- joins the Navy. Just Another Number hops through the various shades of chauvinism in the conservative Bible Belt, the male dominated military, and the superficiality of southern California. My story is littered with hypocritical Christians, brainwashed warriors, deadbeat band guys, and the spoiled, cocaine snorting trust fund offspring of California's elite. It also entails eating disorders, drug cultures, social media, and of course, military corruption. Although the memoir harbors the darkness and tragedies of my stories, it is packed full of raunchy, satirical humor. Just Another Number dips into the gritty, humiliating aspects of sex from bodily functions to cringe-worthy one-night stands.

From reader reviews:

Jose Carr:

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to be aware of everything in the world. Each guide has different aim or even goal; it means that book has different type. Some people truly feel enjoy to spend their a chance to read a book. They can be reading whatever they get because their hobby will be reading a book. Think about the person who don't like reading through a book? Sometime, man feel need book when they found difficult problem or maybe exercise. Well, probably you'll have this Just Another Number.

Susan Padgett:

What do you in relation to book? It is not important together with you? Or just adding material when you want something to explain what yours problem? How about your spare time? Or are you busy individual? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Every person has many questions above. They have to answer that question mainly because just their can do that will. It said that about book. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need that Just Another Number to read.

Patrick Myers:

Reading can called thoughts hangout, why? Because when you find yourself reading a book specially book entitled Just Another Number your thoughts will drift away trough every dimension, wandering in every single aspect that maybe unfamiliar for but surely will end up your mind friends. Imaging each word written in a guide then become one form conclusion and explanation this maybe you never get previous to. The Just Another Number giving you a different experience more than blown away your brain but also giving you useful information for your better life in this era. So now let us show you the relaxing pattern this is your body and mind will likely be pleased when you are finished studying it, like winning an activity. Do you want to try this extraordinary investing spare time activity?

Quentin Taylor:

Is it you actually who having spare time and then spend it whole day through watching television programs or just laying on the bed? Do you need something totally new? This Just Another Number can be the reply, oh how comes? The new book you know. You are therefore out of date, spending your extra time by reading in this new era is common not a nerd activity. So what these textbooks have than the others?
