The Workbook, by Alice A. Arana (formerly of Fullerton College) and Oswaldo Arana (formerly of California State University, Fullerton), continues the successful format of previous editions by providing additional practice with vocabulary and structures through a variety of input-based, controlled, and open-ended activities and guided compositions. Special features include the Prueba corta, preceded by a grammar self-check feature called A ver si sabe..., which allows students to quickly assess their knowledge of grammatical structures before completing the Punto final. The Perspectivas culturales (formerly Conozca...) section offers focused vocabulary and fact-based activities related to the same feature found in the student textbook.
