Doctor Faustus (Everyman's Library)

Thomas Mann

Doctor Faustus (Everyman's Library) Thomas Mann

Thomas Mann wrote his last great novel, *Doctor Faustus*, during his exile from Nazi Germany. Although he already had a long string of masterpieces to his name, in retrospect this seems to be the novel he was born to write.

A modern reworking of the Faust legend in which a twentieth-century composer sells his soul to the devil for the artistic power he craves, the story brilliantly interweaves music, philosophy, theology, and politics. Adrian Leverkühn is a talented young composer who is willing to go to any lengths to reach greater heights of achievement. What he gets is twenty-four years of genius—years of increasingly extraordinary musical innovation intertwined with progressive and destructive madness.

A scathing allegory of Germany's renunciation of its own humanity and its embrace of ambition and nihilism, *Doctor Faustus* is also a profound meditation on artistic genius. Obsessively exploring the evil into which his country had fallen, Mann succeeds as only he could have in charting the dimensions of that evil; his novel has both the pertinence of history and the universality of myth.

Translated from the German by H. T. Lowe-Porter
