Air travel has always held a strong allure for many. Today, low-cost, no-frill airlines enable lots of people to fly easily and to visit different countries around the world. For much of its history, however, air travel was only available to the wealthy. This book explores the golden age of air travel from the 1930s to the 1970s when flying was the epitome of status, and the airlines offered a sumptuous service with the journey being all important. The dramatic changes in the quality of air travel are highlighted, as are the different types of aircraft employed by the air travel companies, including airships, jetliners and Concorde.
