Investigating Education in Germany: Historical studies from a British perspective (Routledge Research in International and Comparative Education) David Phillips

This book brings together the work of established researcher Professor David Phillips, in one authoritative volume. Including key chapters on education in Germany from the last three decades, topics range from historical studies of universities and schools, to detailed research on the role of the British in reconstructing education in Germany after 1945, and education in post-unification Germany.

Together, the body of work draws from a multitude of primary sources and constitutes a comprehensive analysis of educational provision in Germany over a long historical period. In addition to 16 chapters spanning Phillips' research from 1981 to 2012, the book includes a new introduction, bringing his ideas together and demonstrating their continuing relevance to the field.

Investigating Education in Germany will be invaluable reading for academics, researchers and postgraduate students in the fields of international and comparative education, German studies, history of education and sociology.
