Purchasing and Supply Management: Creating the Vision (Materials Management/Logistics Series)

David J. Pooler, Victor H. Pooler

Purchasing and Supply Management includes the latest management, procurement, and negotiation techniques and the authors have taken great care to integrate the impact of global commerce on the buyers job. Historically, purchasing evolved as a weak part of manufacturing, gained its independence, and expanded to a financial contributor to a company's success. A major challenge of the buying job is to manage supply management. To do this, the buyer must know and use the full range of techniques and procedures available to the true professional. This book is dedicated to these functions of supply and all they entail.
